

Installation can be done by merely lowering the pump into a discharge column

Impeller of SSP

Special Features:

- It is easy to install the pump into a discharge column where the force of gravity and the pumping pressure keeps it seated firmly.
- Since it is a submersible type, no priming water is necessary. It is an advantage in emergency or automatic operation.
- It saves the work time for maintenance and inspection as removal and reinstallation can be quickly performed.
- The pump takes less aboveground space than end-suction centrifugal pumps, which reduces the construction and facility cost.
- It is possible to select the best installation method from among several types of discharge columns: steel pipe, cast iron pipe, and concrete casing, etc.
- It is compact but exhibits high efficiency and performance.
- The pumps are available with the discharge diameter ranging from 300mm to 1500mm.

Applications:

- Pumping wastewater and stormwater in sewerage system
- Land drainage and irrigation
- Emergency floodwater drainage
- Draining or transferring large volumes of water

Major Components & Specifications:

Discharge Bore		mm	300	400	500	600	700	800	900	1000	1200	1350	1500
Pumping Fluid	Type of Fluid	Stormwater, river water, wastewater											
	Fluid Temperature	0 to 40°C											
Pump	Structure	Impeller	Axial Flow Type										
		Shaft Seal	Double Mechanical Seal										
		Bearing	Ball Bearing or Roller Bearing										
	Materials	Impeller	Bronze Casting										
		Guide Casing	Gray Cast Iron										
		Suction Casing	Gray Cast Iron										
	Shaft Seal	SiC											
Motor	Type	Dry Type Submersible Induction Motor											
	Insulation	Class E or Class F											
	Phase	Three-Phase											
	Built-in Protection Devices	Circle Thermal Protector (7.5kW and below)											
		Miniature Protector (11kW and over)											
		Leakage Sensor (22kW and over)											
Lubricant	Turbine Oil ISO VG32												
Materials	Motor Frame	Gray Cast Iron											
	Shaft	420 Stainless Steel											
	Cable	Chloroprene Rubber or Polychloroprene Rubber Sheathed
